

MEDSTAR

BENEFIT TOURNAMENT 2021

MedStar National
Rehabilitation Network

ADAPTIVE SPORTS

Great Falls/McLean Youth Rugby, a non-profit youth rugby club serving Northern Virginia, is hosting its 7th annual Great Falls/MedStar National Rehab Hospital ("NRH") benefit tournament.

The tournament raises awareness of the programs at NRH and the great work done in those programs to improve the quality of the lives of their patients. Your participation ensures that the club can cover all the costs of the tournament and provides a meaningful donation to the Medstar Adaptive Sports Program.

In addition, we hope to introduce rugby to the community and invite kids of all ages, sizes, boys & girls into the rugby family.
